

Roll Your Leg Over Me E Capo 2

D **G** **D**

Roll your leg over me, Roll your leg over me,

G **D** **A7** **D**

Roll our leg over...the man in the moon.

D

If all the young ladies were little white rabbits,

A7

I'd be a hare and teach them bad habits.

...bells in a tower,

I'd be a clapper and bang them each hour.

...bricks in a pile,

I'd be a mason and lay them in style.

...B-29's,

I'd be a jet fighter and buzz their behinds

...diamonds and rubies,

I'd be a jeweler and polish their boobies.

...statues of Venus,

I'd be a Greek with a petrified penis.

... winds on the sea,

I'd be a sail, and let them blow me.

And if I were a lady, singing this song,

It would be twice as dirty and ten times as long.

If all the young ladies were fish in a pool,

I'd be a carp with a waterproof tool.
